## **Power Point Presentation Summary**

Hello! Everyone. Shalom!

As you know here and above abstract, Today's my main topic is a Prophet like Moses in Korea and the start and final stage of a Korean New religious movement in the future. That is, my paper shall be a introduction and reveal the prophet like Moses who emits the hidden manna of new heaven in the Bible, the advent of the Victor, Messiah, and the work of the Holy Spirit. Now it is at the final stage where the opening of the new heaven and earth is blooming and fruitful. There is a growing and

emphasizing need for active research on where, when, who will emerge as a true Messiah who can save all mankind. I am sure that this paper will be a major role for understanding, studying, and letting you discern who the hero of new Jerusalem is in the coming of a new era, where the holy place in the future is, and what the work of the Holy Spirit is.

In Korea, the ritual of giving burnt offerings to God has been maintained by the priests like shamans as the sign of honor and thanksgiving to God the source of life, for thousands years, similar to the practice of the ancient Israelites. Especially, in the place of the ritual for Dan-Gun(meaning King and a respectful suffix), Korean founding ancestor, a national religious ceremony that Korean people build stone altars and offer ritual services in the Taebaek mountain and Manni mountains, have connected, they have played roles as a national holy place for thousands of years.

In this paper, I will first explain the characteristics and ultimate aim of Korean new religious movement, the role of religion, and the value and reasons, the cause of decline phenomena of religion. Additionally, I will introduce that 'who is a prophet like Moses, the new work of the descending phenomenon of the Holy Spirit that the Victor like spiritual Moses pours, and the essence of the last 5 covenants of Victory God. I will consider and issue the hidden history of the Lost Dan tribe among the lost ten tribes that the Israelites and many researchers are searching. And then, Let's learn about the secret of the seventh trumpets, the last runner in the work of the Holy Spirit, the new hymn and the holy saints of the Most Holy Place with clothed white robes and the hidden manna that falls in the Most Holy Place, SeungRiJeDan.

The main Holy Lands of the Victory Altar(SeungRiJaeDan) are KamJeong-ri, Kimpo-si, the Birthplace(生家) of the Victor Cho Hee Sung, 'Hwangsan Do' in Ganghwa-do, an uninhabited island, where he prayed, the Secret Chamber(MilSil,密室) in SoSa-gu, Bucheon-si, where the Victor was completed, and the Victory Altar, where the Victorious Holy Spirit always falls and the believers offer a sacrifice everyday the 'Headquarter Altar' as well as the local 'Altars'. The Holy Matter is the Hidden Manna of New heaven, and a New Statement of eternal life that is playing a great role in the motivation and faith of their Saints. However, it is regrettable that the sanctification of the Holy Land has not yet progressed due to religious persecution by late president Kim Y. S, the representative of the New

Christianity, who has caused the IMF. Due to the lack of awareness and significance of the sanctification of the Holy Land of the leadership in the religious body, most of MilSil, the Holy Land, is being damaged by being bought and sold for the Bucheon University's expansion project. Therefore, for now, the Most Holy Places are the 'Headquarter Altar' and the local 'Altars' where the Holy Spirit is falling down from New Heaven always.

The contents of this paper are about some results of comparative study something about the symbols of the true Messiah of the scriptures and prophetic books based on the results of a long field study, interviews with the white robes group, the recordings analysis of new covenant words of the Victory Altar Video Tapes by the Victor sermons, and shooting myself the hidden Holy Dew Spiritual Manna by film camera.

Finally, I will introduce what the new value and philosophy in the new age is, the reality of the "Law of Liberty" of new heaven that must be kept by all neohumans in the spiritual Zion city of the new heaven, and all human being for the first time. The future of Korean new religious movement was aimed at building and realizing the Earth Paradise and Utopia on this earth by producing many Neohumans of New Heaven. They shall be called the Righteous men, Neohumans, the people of New Heaven, the new human clothed in pure and white linen.

This paper is meaningful in that it reveals how the new world of a dream society will be realized and how humanity will be able to be reborn as Neohumans. Along with the existence of the Holy Spirit as well as the Holy hope, beyond incomplete philosophies, religions, ideology and blind faith. It will be the second spiritual Exodus from the Soul of Satan, devils of the darkness and death. Thank you.
